2. FORWARD BY THE CECM FOR FINANCE AND ECONOMIC PLANNING

It is my pleasure to present the County Government of Busia quarterly report and financial statements for the quarter ended 30th June, 2023. The quarterly report and financial statements present the financial performance of the County Government for the 4th quarter of the financial year 2022/2023.

The promulgation of the Constitution of Kenya, 2010 under Chapter 11 ushered Kenya into a new system of governance, replacing the centralized system with a devolved system of governance. The devolved system of governance consists of the National Government and 47 County Governments.

Financing of the County Governments

Article 202 of the Constitution of Kenya provides that revenue raised nationally shall be shared equitably among the National Government and the County Governments. Each County Government's equitable share of revenue raised nationally, is determined yearly through the County Allocation of Revenue Act (CARA). The revenue sharing formula is developed by the Commission on Revenue Allocation and approved by Parliament in accordance with Article 217 of the Constitution of Kenya 2010.

The County also finances its operations through own generated revenues. These are revenues collected within the County. The key local revenue sources for Busia County included business permits, land rates, business plan approvals, advertising fees, Cess and various other administrative charges.

The County continues to explore new and innovative ways of increasing its local revenue collections. Some of the steps that the County has taken towards improving its revenue collections include:

1. Automation of revenue collection system – the County is currently using County Pro Revenue system as the revenue collection system;
2. Continuous revenue mapping and putting in place proper revenue collection enforcement measures.
3. Allocation of service delivery vehicles to enhance local revenue collection.

Implementation Challenges

Despite the notable achievements, we have experienced some challenges during the 4th quarter under review. These include:

- i. Changes in National Government policies that brought about one stop border post in Malaba and Busia affected collection of local revenue from trailer parking fees leading to under collection
- ii. Poor connectivity for the operationalization of IFMIS systems affected county operation.
- iii. Changes from manual processes to e-procurement processes caused delays in projects implementation.
- iv. The increase in compensation to employees caused by new Collective Bargaining Agreements (CBAs) and new employments put pressure on the operation and maintenance vote.
- v. Some capital projects envisaged could not be implemented due to policy directives from the Office of the Controller of Budget which meant that capital projects with massive cash outlays could only be implemented on annuity basis.
- vi. Hostile climatic conditions such as heavy rains that led to floods which displaced a lot of people and destroyed the road infrastructures hence affecting the economic activities and living standards of citizens in the County.

3. STATEMENT OF PERFORMANCE AGAINST COUNTY PREDETERMINED OBJECTIVES

Introduction

Section 166 (1) (f) of the Public Finance Management Act, 2012 requires that, at the end of each quarter, the accounting officer when preparing financial statements of each County Government Entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives.

Strategic development objectives for Busia County

The County's 2018-2022 CIDP has identified 7 key strategic development objectives. Broadly, these objectives have been identified through a participatory process that reviewed the development priorities of the Governor's Manifesto, the National Government's "Big Four", SDGs and the MTP III.

The strategic objectives are a synthesized product of the afore-mentioned planning frameworks that amalgamate the thematic focus and development aspirations in these policy frameworks.

The key development objectives of the Busia County's 2018-2022 CIDP are;

Progress on attainment of Strategic development objectives for Busia County

4. ENVIRONMENTAL AND SUSTAINABILITY REPORTING

1. Sustainability strategy and profile

The county's vision is to be a transformative and progressive county for sustainable and equitable development encapsulates a systemic visionary strategy of sustainability. In this strategy we lay emphasis on prudent use and exploitation of our limited resources to meet the needs of our stakeholders today without compromising the ability of future generations to meet their own needs. The county has incorporated economic social and environmental factors into its strategy. In terms of economy, we endeavour to consistently deliver value for money to our stakeholders through efficient use of resources and taking advantage of our positioning as the gateway to east and central Africa to drive investment. In the social sphere we take into account the individual interests of various stakeholders. Respect for human rights, provision of equal opportunities for all in all county processes and upholding ethical behaviour and fair labour practices. In the environmental arena we protect biodiversity, reduce pollution and mitigate the impacts of climate change. Currently the county is implementing Kenya climate smart agriculture and the water tower protection and climate change mitigation Programs aimed at promoting sustainable use of natural resources.

2. Environmental performance

The county has put in place an environmental safety management framework that is used to screen all investments against environmental safety and social safeguards. The county has gazette environmental committees which meet regularly to review the environmental impacts of investments.

Investments that require Environmental Impact Assessment (EIA) are identified and with NEMA the assessments are done and licenses for the projects issued.

Each project implemented has an Environmental Management Plan (EMP) alongside social safeguards plans that are strictly adhered to.

At project sites complaints handling mechanisms and personnel are available to address the day to day environmental and social issues

3. Employee welfare

Selection and recruitment policy of the County gives equal opportunity for all and also equal pay for equal work done regardless of gender. Gender balance is at 54% females compared to 46% males. This has been driven by mainly the ECD teachers and nurses who are predominantly female. PLWDs are in all cadres of the county public service. Ethnic balance, minorities and the Marginalized are considered during and given priority in recruitment. County departments carry out staff training needs assessments and are required to induct all new employees within three months of their employment.

The County through the department of public service management has developed a skills and competence framework for its employees who all have job descriptions. In addition to that it has also put in place a performance management system with performance contracting as a tool. CECMs sign PCs with the Governor, Chief Officers with CECMs and Directors with CCOs. All other employees are put on a performance appraisal system (PAS). This system has inbuilt rewards and sanctions framework.

County employees have been sensitized on OSHA Act 2007.

4. Market place practices-

a) Responsible competition practice.

The County has embraced the leadership and integrity act of 2012 and where there is a conflict-of-interest employees are mandated to declare. The county advertises for its bids in public and posts them in the county website which is accessible to all freely.

b) Responsible Supply chain and supplier relations-

The county promotes fair trade practices and focuses on improving its ease of doing business by enforcing contracts, paying contractors timely and connecting business premises with utilities like water roads sewerage promptly, county services are available at Huduma centre and it has automated revenue collection alongside the adoption of E-procurement.

Following the National Treasury and the Controller of Budget circulars, the county has prioritized settling of pending bills.

c) Responsible marketing and advertisement-

The services we offer our customers are as espoused in article 232 of the constitution of Kenya 2010. In the provision of these services, we don't deceive our clients and manipulate the costs. We also respect their privacy while focusing on social and environmental benefits.

d) Product stewardship-

The county embraces article 46 of the constitution on consumer rights. This guarantees consumers with services of high quality. In case of dissatisfaction, we have a complaints mechanism in place with designated officers to offer remedies. Where we are unable to resolve the complaint amicably we escalate the complaints to Commission of Administrative Justice (CAJ). All county departments have developed Citizen's Service Delivery Charters which are displayed prominently at the points of service delivery. Regular follow up is carried out to check on the conformance with the commitments in the charter.

5. Community Engagements-

The county government focuses on Socially Inclusive Development (SID) where we engage with our communities from inception, planning, design, implementation, closure and monitoring and evaluation of the projects impacts.

The county has a robust public participation/civic education strategy with a public participation and civic education Act. The County also plans to engage beyond the budget process through ward cultural activities across the county. Through the ward fund, sporting tournaments have been supported countywide which have promoted talent search and peace building efforts among the communities. PLWDs have also been incorporated through procurement and distribution of devices like wheel chairs and hearing aids. Select community groups have received cash grants to support women and youth groups in socio-economic empowerment.

5. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 166 of the Public Finance Management Act, 2012 requires that, at the end of each quarter, the County Treasury shall prepare financial statements of each County Government entity, receiver of revenue and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The County Executive Committee (CEC) member for Finance and Economic planning of the County Government is responsible for the preparation and presentation of the County Government's financial statements, which give a true and fair view of the state of affairs of the County Government for and as at the end of the period ended 30th June, 2023. This responsibility includes: (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the county government; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) Safeguarding the assets of the county government; (v) Selecting and applying appropriate accounting policies; and (vi) Making accounting estimates that are reasonable in the circumstances.

The CEC member for Finance and Economic planning accepts responsibility for the County Government's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for Finance and Economic planning is of the opinion that the County Government's financial statements gives a true and fair view of the state of the County Government's transactions during the period ended 30th June, 2023, and of its financial position as at that date.

COUNTY EXECUTIVE OF BUSIA
Quarterly Reports and Financial Statements
For the period 30th June, 2023

The CEC member for finance further confirms the completeness of the accounting records maintained for the County Government which have been relied upon in the preparation of the financial statements as well as the adequacy of the systems of internal financial control.

The CEC member for Finance and Economic planning confirms that the County Government has complied fully with applicable Government Regulations and the terms of external financing covenants, and that the County Government's funds received during the quarter were used for the eligible purposes for which they were intended and were properly accounted for. Further the CEC member for finance confirms that the County Government's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The County Government's financial statements were approved and signed by the CEC member for finance on 9th August, 2023.

13. SIGNIFICANT ACCOUNTING POLICIES

The key accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the County Executive all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the xxx County Executive. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Executive recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Executive.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Transfers from the County Revenue Fund (CRF)

Transfer from CRF is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and a notification received by the entity.

ii) Proceeds from sale of assets

Proceeds from the sale of assets are recognised in the statement of receipts and payments when the related monies from the sale are received by the entity.

b) Recognition of payments

The County Executive recognises all expenses when the event occurs, and the related cash has been paid out.

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment. A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the Busia County government in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the County government of Busia includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

5. Third Party Payments

This relates to payments done directly to supplier on behalf of the county Executive s such as; national government may fund the operation of health or education program; a donor may pay directly for construction of a given market etc. Details of payments by third parties on behalf of the county Executive is detailed in the notes to this financial statement.

6. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial quarter.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2023, this amounted to Kshs. 5,104,361 compared to Kshs.3,606,858 in prior period as indicated on note 12. There were no other restrictions on cash during the quarter.

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial quarter is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Third Party Deposits and Retention

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

9. Non-current assets

Non- current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as ‘memorandum’ or ‘off-balance’ items to provide a sense of the overall net cash position of the County Executive at the end of the year. Pending bills form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

11. Contingent Liabilities

Section 185 (2) (i) of the PFM Act requires the County Government to report on the payments made, or losses incurred, by the county government to meet contingent liabilities as a result of loans during the financial year, including payments made in respect of loan write-offs or waiver of interest on loans

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships. The County Executive does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

12. Contingent Assets

The County Executive does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the County Executive in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

13. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County Executive's budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on xxx for the period 1st July 2021 to 30 June 2022 as required by law. There was xxx number of supplementary budgets passed in the year. A high-level assessment of the County Executive's actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

14. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

15. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

16. Prior Period Adjustment

During the year, errors that have been corrected are disclosed under note 14 explaining the nature and amounts.

17. Related Party Transactions

Related party means parties are related if one party has the ability to:

- a) Control the other party or
- b) Exercise significant influence over the other party in making financial and operational decisions, or if the related party entity and another entity are subject to common control.

Related party transaction is a transfer of resources or obligations between related parties regardless of whether a price is charged.
